Chief's Summary

Report period: Aug 1, 2026 – Aug 31, 2026 · Generated Aug 22, 2026

During this period, the department held 1 training session with recorded attendance (71% average attendance), completed 6 duties, and resolved 2 action items.

As of today, the department has 20 active members of 22 on the roster (2 probationary). Certifications are in good standing, with 3 expiring within 90 days to watch.

Certifications — Action Items

All certifications are current. No action required this period.

Pending Certification Approvals

No certification submissions are awaiting approval.

Open & Overdue Duties

No open station duties — all assigned tasks are complete.

Personnel & Participation

Member	Role	Participation	Status
--------	------	---------------	--------

Station Hours — ISO/LOSAP

5.0 hours CREDITED during the period (location-verified station standby and training) across 20 records by 20 members. ISO/LOSAP figure: 5.0 hours. 100% of check-ins were location-verified.

RECORDED — attendance & unverified check-ins, not credited toward ISO/LOSAP: 54.0 hours. Of that, 54.0 hours come from drill attendance at each drill's recorded length rather than from a check-in.
